

Cambium Networks™

ePMP 3000

Introductory Promo

Get 4 FREE Subscriber Modules

Up to 5X performance
with Gen3 Technology

Are you a WISP that has never tried Cambium?
OR a first time ePMP3000 buyer?

Then this is the offer for you!

The ePMP™ platform delivers the performance of 802.11ac Wave 2, the scalability of a synchronized solution, investment protection with backward/forward compatibility, and the peace of mind that comes with a three-year warranty.

Cambium Networks is making it easier than ever for WISPs to try ePMP. When a new WISP or 1st time ePMP3000 buyer makes their first ePMP purchase of an AP, Sector Antenna, and 16 Subscriber Modules, they get an extra 4 FREE Subscriber Modules. A WISP can purchase up to two of these bundles during the promotional period.

- New WISPs/ 1st Time ePMP3000 buyers who buy an Access Point, Sector Antenna, and 16 Subscriber Modules, get an extra 4 Subscriber Modules for free.

- New WISPs can purchase up to two of these bundles at the special promotional price.

Note: The Subscriber Modules must all be the same SKU, you cannot mix and match
