

ANT-230

Laird Vehicular 3 port Multiband Antenna

Frequency Category

600-999MHz , 1700-2100MHz , 2.4GHz , 5GHz

Connectors

RP-SMA , SMA

Stock Level: **Product in stock****\$189.00 + GST****Description**

The Laird vehicular 3-port multiband antenna covers the 698-960/1710-2700 MHz, 2300-2700/ 4900-6000 MHz as well as GPS (1575.42 MHz) frequency ranges. Configured with 2-port, dual-band elements in addition to 1-port with integrated GPS. Connector options include SMA male connectors for 3G/4G LTE and GPS ports with an RSMA male connector for the WiFi port. The housing incorporates a low-profile, rugged design that meets IP67 standards. The antenna also features high impact, UV-resistant polycarbonate plastic available in black or white.

Specifications

Details

Manufacturer's Product Code	VLT69273B11G-518A (Black)
Frequency Range	698-960MHz; 1710-2700MHz; 2300-2700MHz; 4900-6000MHz
Gain	2.6dBi @ 698-960MHz; 4.7dBi @ 1710-2700MHz; 4.9dBi @ 2300-2700MHz; 6dBi @ 4900-6000MHz
Polarisation	Vertical Linear
Connector Type	SMA-Male (3G/4G port); RSMA-Male (WiFi port)
Dimensions	132 mm x 75 mm
Cable	LMR195M- 518.2 cm
Pole Mount Diameter	25-50mm
