Ubiquiti UniFi AP AC Long Range 450+867Mbps 250mW AP 5-Pack. Ideal for long-range deployments, the Ubiquiti UniFi AC LR AP offers simultaneous, dual-band operation with 3x3 MIMO in the 2.4 GHz band and 2x2 MIMO in the 5 GHz band. The innovative antenna design provides a long-range, symmetrical-link coverage area, and the antenna gain of the UniFi AC LR AP performs better than one-way, high transmit power does for connecting distant clients. It is available in single and five-packs. The Ubiquiti UniFi is a revolutionary Wi-Fi system which combines carrier class performance, unlimited scalability, disruptive pricing, and a virtual management controller software package for free. Ubiquiti UniFi uses a clean industrial design that seamlessly blends into typical environments like Schools, Motels, Hotels and large buildings. The AP's feature the latest in Wi-Fi high power wireless MIMO technology. All accessories are included to mount the devices either on the wall or ceilings. Hotspot and billing are also included with the Ubiquiti UniFi software for free, and you can also accept Credit Card payments with PayPal. The UniFi controller allows the operator to instantly provision thousands of UniFi APs, map out networks, quickly manage system traffic, enable HotSpot and billing, and further provision individual UniFi AP devices. Great for Schools and supports Bring Your Own Device (BYOD).

Features

Four or five-packs do not ship with PoE adapters; we recommend powering the UniFi APs with the UniFi Switch instead

Dual Band 802.11ac 3x3 MIMO 450Mbps(2.4GHz) + 2x2 MIMO 867Mbps(5GHz) 250mW Output Power

Free Software and Firmware upgrades – No annual license fees!

Supports up 100+ simultaneous connected devices per radio chipset!

The Ubiquiti UniFi (UAP) wireless range is the perfect WiFi solution for Schools and support Bring Your own Device (BYOD). Software Controller available for Windows/Mac/Linux or in the Cloud!
